

# FENG

**Design by**  
Didier Gomez

## Description

Feng is the perfect marriage of elegance and comfort. Its aesthetic success lies in the contrast between softness and geometric rigour: the tight lines of the frame and feet, against the warm welcome afforded by its quilted seat and plump back cushions. As always, several signature details - the 'goutte d'eau' stitching at the junction of seat and arms, for example - mean that Feng positively vibrates with the personality of its designer, Didier Gomez.

## Technical Specifications

### CONSTRUCTION

Panels of particleboard overlaid with polyether foam and 100g/m<sup>2</sup> polyester quilting. Choice of two types of feet: cross-shaped tubular steel frame with four brilliant-chromed feet and aluminium-lacquered linking-piece, or four 'corner' feet in ebony-stained oak-veneered MDF.

### COMFORT

Pullmaflex suspension. Quilted seat cushion with four or five compartments (depending on the size), in high resilience polyurethane Bultex foam 36kg/m<sup>3</sup> - 2.8kPa overlaid with 100g/m<sup>2</sup> polyester quilting. Back/arm cushions in duck feathers (10% feathers/90% down), compressibility H 88mm, with compartmented liner.

Headrest comprising a base in chromed steel wire (Ø 10 mm) clad in high resilience polyurethane Bultex foam (dominant 38 kg/m<sup>3</sup> - 3.6 kPa) and 300 g/m<sup>2</sup> polyester quilting.

### MAKING-UP

Double-stitched seams on frame and cushions. 'Goutte d'eau' stitching at junction of seat and arms. Removable covers. In the following three cases, the bottom flat edge of the back cushions will be covered in a black 'non-slip' material: back cushions are in hide, seat is in hide, or seat and back cushions are in hide. It is not present when the seat and back cushions are in fabric.

### FABRICS

A wide range of covering materials (including fine hides) are suitable for use on FENG. Didier Gomez recommends using one color/fabric on the frame and back cushions, and a contrasting one to highlight the welcoming, quilted seat.
