Description

Dining table with 1 integral folding extension W 87 cm. The base, composed of 6 sloping legs, is in black-stained solid ash. Its stability is assured by 4 central legs with gliders and 2 end legs with easily adjustable jacks. It is fixed beneath a steel plate which itself is located beneath the steel cradle holding the top. When closed the table seats 6, and when open 8 - 10 (length 217 cm).

- 22 mm thick top finished in through-stained natural varnished smoked oak-effect veneer (or 22 mm thick top lacquered) with matching extension and edging (total height 80 mm).

- 6 mm thick top in ceramic stoneware with polished edges and integral folding extension and edging (total height 74 mm) in ash veneered.

- 6 mm thick top in ceramic stoneware with polished edges, integral folding extension in MDF finished in ceramic stoneware and edging (total height 74 mm) in ash veneered.
