

SKIACCIO / SKIACCIA

Designer

Claudio Dondoli & Marco Pocci

Technical characteristics

This carver chair with a thin and flared metal base combines design, elegance and comfort. Its seating comfort is optimum thanks to the enveloping back support provided by its curved backrest. Stackable, a thermoformed shell fixed under the seat structure protects the seat when the carver chairs are stacked. The Skiaccia carver chair is available in Dako brown leather or in Match ardoise. FR fabric. The Skiaccio carver chair is made to order in a choice of fabrics. Black lacquered steel frame, CMHR polyurethane foam, seat density 40 kg/m³, inner back 30 kg/m³ outside back 40 kg/m³. Thermoformed shell : under the seat structure. Carver chair in stock : Dako brown leather. Match ardoise (3567) - 50% Cotton, 33% Viscose, 17% Linen – FR fabric. Carver chair made to order - Choice of fabrics. IMPORTANT : when the model SKIACCIO is upholstered in ARDA or SEA there are no simple seams on the inside back (there are 2 simple seams in the case of all other covering materials).
