

FLOOR STANDARD LAMP U-TURN

Designer

Eric Jourdan

Description

With U-Turn, Eric Jourdan wanted to create a style of floor lamp in the pure tradition of the French arts décoratifs. If it could seem classic at first glance, it is not short of originality, as much in its U-shaped form as in its name : a contemporary invitation to dive back into French tradition. Floor lamp with metal base in Epoxy satin black (RAL 9004) lacquered steel. Square base 45 x 45 cm, thickness 15 mm. Cylindrical shade (Ø 50 H 40 cm) in gris clair-coloured chintz. Transparent PVC cable. Transparent foot switch. Supplied with 1 x 330° 20W E27 LED globe bulb Ø 120 mm, colour temperature 2,700 K (warm white), 2,000 Lumens.

Technical characteristics

With U-Turn, Eric Jourdan wanted to create a style of floor lamp in the pure tradition of the French arts décoratifs. If it could seem classic at first glance, it is not short of originality, as much in its U-shaped form as in its name : a contemporary invitation to dive back into French tradition. Floor lamp with metal base in Epoxy satin black (RAL 9004) lacquered steel. Square base 45 x 45 cm, thickness 15 mm. Cylindrical shade (Ø 50 H 40 cm) in gris clair-coloured chintz. Transparent PVC cable.

DIMENSIONS
