

RUG TERRE NUAGE

Designer

Frédéric Ruyant

Description

Terre Nuage was born out of an intention to re-establish a dialogue between sky and clouds. It calls on our imagination: is it a reflection of the sky on the ground, or the ground in the sky? Whatever the case, this rug fits perfectly into the current trend for a pronounced return to nature, as much in its original pattern as in its natural colours. Hand tufted rug in 100 % wool: tufts + sculpting. No equivalent sample shades.
