

# SETTEE OUTDOOR SAPARELLA

## Designer

Michel Ducaroy

## Technical characteristics

A re-release of a pioneering model from 1965, Saparella consists of a fireside chair, a diabololo and a footstool. This modular range of seating enables one to create and modify compositions as desired, on a terrace or in a garden. This composition, with its rounded, airy lines, issues an invitation to relaxation and conviviality and encourages one to make the most of a beautiful day. The diabololo, the central element, draws inspiration from the toy of the same name. Its concave outline enables elements to be slotted together - since the fireside chair is convex - to create a comfortable seat offering three seat places. The settee is made from two fireside chairs with a diabololo in the centre. The three elements are held together by a linking-piece made from mirror-polished stainless.

**CONSTRUCTION** Base and sides in polyether foam 28kg/m<sup>3</sup> - 4.8kPa. The three items sit on a ventilated Batyline-type fabric. Water runs off naturally thanks to the convex shape of the seat.

**COMFORT** Seat and back made from high resilience polyurethane Bultex foam (36kg/m<sup>3</sup> - 3.2 kPa), clad in a comfort layer of high resilience polyurethane Bultex foam (38 kg/m<sup>3</sup> - 3.6 kPa).

**MAKING-UP** Water-resistant inner liner, guaranteeing that each item is waterproof. Cover quilted with 200g/m<sup>2</sup>

## DIMENSIONS

Height 680 mm | Width 2,200 mm | Depth 1,000 mm | Seat height 340 mm |  
Weight 39.5  
Seats 3 | kg

polyester. 5mm baguette stitch.  
Removable covers.
