

AMÉDÉE

Designer

Marie C Dorner

Technical characteristics

Amédée is a sofa and armchair combination, designed around a lumbar support which is quilted and stitched just like the bucket seats of the finest Italian automobiles. The armchair is available with swiveling base, and a footstool is offered for when it's time to relax. Chic, urban and thus compact, this family of seating acquires undeniable luxury object status when upholstered in the new full grain, pure aniline Orga leather, with its slightly smooth, glossy finish.

CONSTRUCTION Structure of seat in 3-layer particleboard; structure of back in thermoformed ABS. Base in black MDF panels in the case of the sofa and fixed armchair, or in 8 mm thick Epoxy black lacquered steel in the case of the swiveling armchair. In the case of the footstool, the structure is in 3-layer particleboard. **COMFORT** Elastic webbing and high resilience polyurethane foam (36 kg/m³ - 2.8 kPa) on the seat. High-resilience polyurethane foam (26 kg/m³ - 1.4 kPa) on the back. Polyurethane foam (38 kg/m³ - 3.6 kPa) for the footstool. **MAKING-UP** Cover quilted with 110g/m² polyester with, baguette stitch detailing; cover may be removed by a professional. Lumbar and armrest cushions are integral to the cover: they are stitched every 5 cm and quilted with ultra-flexible polyurethane foam (30 kg/m³ - 1.8 kPa). **IMPORTANT** : when the model AMÉDÉE is
