

TABLE LAMP ASOLA

Designer

Evangelos Vasileiou

Description

The Asola table lamp is a glimpse of the Seventies and Eighties, as much in terms of the material used - perforated steel - and its white colour as its stylised mushroom-like shape. The latter evokes the emblematic lights of the period such as Giancarlo Mattioli's Nesso light (1967) or Mario Botta's Shogun (1986), which was designed for Artemide. Table lamp with stem and shade constructed from two white lacquered perforated steel cylinders. The upper section of the cylinder-stem has an anti-glare dome in repoussé steel. Epoxy white lacquer finish. White electric cable. Manual switch. Equipped with 1 x 57 W E 27 standard eco halogen bulb (Classic A).

Technical characteristics

Asola is a glimpse of the Seventies and Eighties, as much in terms of the material used - perforated steel - and its white colour as its stylised mushroom-like shape. The latter evokes the emblematic lights of the period such as Giancarlo Mattioli's Nesso light (1967) or Mario Botta's Shogun (1986), which was designed for Artemide. - Table lamp with stem and shade constructed from two white lacquered perforated steel cylinders. The upper section of the cylinder-stem has an anti-glare dome in repoussé steel. Epoxy white lacquer finish or matt bronze green. White electric cable. Manual switch. Equipped
