

ESTENDA

Designer

Busetti Garuti Redaelli

Technical characteristics

The Estenda coat rack adopts a radically opposite approach: the stems/hooks and linking-bars remain visible and are there for hanging clothing, trousers and even resting objects on its round trinket-holder surface. Structure and stems Ø 30 mm, circular surface Ø 22 cm in natural varnished solid American walnut. Linking-pieces in brass-plated steel or in nickel-plated steel. Height-adjustable gliders/jacks for added stability.
