

EXTENSIA

Designer

Ligne Roset

Technical characteristics

Revisited version of the best-selling table from the Ligne Roset collection. The aesthetics have been updated, with two options of ceramic stoneware for the top and ash legs, but the Extensia table has not lost any of its functionality. Extensia is a rectangular table with two superimposed tops which can accommodate 6 diners in the closed position and 8 diners, comfortably seated, in the open position. Quick handling by simple sliding. Rectangular dining table with integral extension leaf, comprising ash frame and base with two superimposed tops. These tops are in 6 mm ceramic stoneware glued on a 6mm thick glass support (total thickness 12 mm). Square section steel crosspieces 10x10 mm in black lacquer.
