

# OVAL DINING TABLE BASE IN BLACK STAINED ASH ENNÉA

## Designer

Vincent Tordjman

## Description

This table can accommodate 8 diners.  
Base in solid ash. 6 mm thick top in white  
marble-effect full body ceramic  
stoneware or Marquinia ceramic  
stoneware, glued onto a 10 mm thick  
glass support (total thickness 16 mm).

## Technical characteristics

The Ennea dining table (Ennea stands for the Greek number 9) rests on a base composed of three identical 'rectangular' triangles made from solid wood. Three triangles, three sides: these nine segments form nine vectors, nine directions within the space which form an arrangement which is at once simple and sophisticated. The construction recalls the pyramidal structure of a crystal, both light and robust. Here, it is all about balance and tension, more than a static design. The assembly method is simple but gives an impression of sophistication. This table can accommodate from 6 to 10 diners.

## DIMENSIONS

Height 750 mm | Width 2,400 mm | Depth 1,300 mm | Weight 142.5 kg
