

# SQUARE LOW TABLE ALANDO

## Designer

Eric Jourdan

## Description

Tubular structure in satin-finish bleu sombre (dark blue) powder lacquered steel. The dimensions indicated are the overall dimensions. The upper and lower tops are in dark walnut veneered panels (90 cm x 90 cm). The height of the upper top is 32 cm. 2 niches bleu nuit lacquered MDF (W 29 cm x D 32 cm x H 8 cm) are located between the 2 tops.

## Technical characteristics

Its originality lies in the subtle dynamism arising from the contrast between the tubular metal structure and the dark walnut. The tubing, in bleu nuit, forms a light and airy framework above the top, thus creating animation and a tension in which each element enhances the other. The blue lacquered base generates an asymmetry that enhances the table "like a painting in its frame".
