

VASE LARGE MULTICOLOUR FILA

Designer

D. Debiasi & F. Sandri

Description

Vase in transparent multicoloured mouth-blown vase (white, lilac, grey blue, orange, smoked).

Technical characteristics

The principal originality of these vases resides in the long, narrow opening which skilfully counters the imposing base. Flowers can thus be arranged in a single-file line of vegetation. In the low version in matt white porcelain, it could be seen as a stylised iron, whilst the large version in amber-tinted glass with mercury glass interior is like an ancient jar.
