

# VASE SMALL FILA

## Designer

D. Debiasi & F. Sandri

## Technical characteristics

The principal originality of these vases resides in the long, narrow opening which skilfully counters the imposing base. Flowers can thus be arranged in a single-file line of vegetation. In the low version in matt white porcelain, it could be seen as a stylised iron, whilst the large version in amber-tinted glass with mercury glass interior is like an ancient jar.
