Livingston

Designer Giuseppe Viganò
Produzione / Production year: 2009

Descrizione

Livingston gioca sull'effetto sorpresa tramite un uso inaspettato del poggiatesta che, con un semplice gesto di rotazione, diventa un comodo poggiaresi. È dotato di uno schienale "intelligente" accoppiato a un cuscino più piccolo tramite semplici cerniere. La seduta, soffice e informale, dialoga con una struttura aerea in acciaio che dà slancio alla generosità delle cuscinate. La particolarità dello schienale regolabile e la caratteristica del cuscino unico di seduta conferiscono al divano Livingston un profilo unico e originale, declinabile in infinite composizioni. Completamente sfoderabile.

Struttura - Imbottitura

In metallo verniciato nero; molleggio assicurato da cinghie elastiche con anima in polipropilene; braccioli in metallo imbottiti con poliuretano espanso (75IP e 30P) e rivestiti con vellutino bianco accoppiato a poliuretano espanso; schienale in legno multistrato rivestito con velfodera accoppiata a poliestere 300gr/mq.

I cuscini dello schienale e dei braccioli sono imbottiti in piuma d'oca lavata e sterilizzata suddivisa in scomparti mista a fibra di poliestere, il tutto rivestito con tessuto di cotone bianco 100%. I cuscini della seduta sono realizzati con anima in poliuretano espanso 40IM e memory foam, rivestita con velfodera accoppiata a fibra di poliestere 280gr/mq.

Piedini

In metallo sagomato, finitura cromo lucido o black nickel.

Description

Livingston creates a surprising effect through an unexpected use of the headrest which, by a simple rotation, becomes a comfortable backrest. It has a "smart" backrest to which a smaller cushion is attached with a zip. The soft, informal seating rests on a light steel base that creates a dynamic contrast with the generous cushions. The original, adjustable backrest and its characteristic full-length seat cushions give Livingston a unique silhouette ideally suited to creating an endless variety of arrangements. Fully removable covers.

Structure - Padding

In black painted metal; the seat is sprung with elastic straps reinforced with polypropylene; the metal armrests are padded with polyurethane foam (75IP and 30P) and covered in white velveteen backed with polyurethane foam; the back is in multi-layered wood, covered in velfodera backed with polyester 300gr/sqm.

The backrest and armrest cushions are padded with washed and sterilized goose down, divided into sections mixed with polyester fiber, everything is covered in white 100% cotton fabric. Seat cushions are made with polyurethane foam core 40IM and memory foam, covered with velfodera on a polyester fiber 280gr/sqm.

Feet

In shaped metal, glossy chrome or black nickel finish.
